

SNDL FOREWARD

The Standard Navy Distribution List (SNDL) as presented in this directive is composed of five sections. Enclosures (2) and (3) are comprised of all addresses for SECNAV and CNO established Navy commands and detachments, as well as information listings for Department of Defense offices, Joint and Unified organizations, Marine Corps activities, other government agencies, Military Sealift Command ships, and Navy miscellaneous activities. Those enclosures are updated quarterly with changes from the SNDL serial change, all of which are available on the website. The URL address to reach the SNDL website is:

[HTTP://NEDS.NEBT.DAPS.MIL](http://NEDS.NEBT.DAPS.MIL)

The directive contains the following additional sections:

(a) The Navy chain of command for shore activities (formerly Part 3 of SNDL) and the administrative chain of command for fleet units are listed in enclosure (4).

(b) The homeports and permanent duty station assignments of fleet activities are found at enclosure (5).

(c) The quarterly serial change, which has been incorporated into the SNDL, is provided as enclosure (6) to allow activities that maintain address databases to make changes.

The CD-ROM version of the SNDL is provided quarterly along with the other Navy directives, and is provided in a variety of formats at the beginning of the first CD in the Directives set. You may no longer obtain the SNDL on diskette or as a separate CD.

The SNDL data base is maintained by CNO (DNS3). POC for SNDL issues is CNO (DNS 31) at DSN 325-6512 or Commercial (202) 685-6512. Mailing address is Chief of Naval Operations (DNS 31), 2000 Navy Pentagon, Washington, DC 20350-2000 and e-mail address:
